

GAO822

High Traction for Off-Road Usage • Durability & Extended Service Life

All position

Overview

Rim Sizes:16-24

Aspect Ratio:0-95mm

Section Width:191-325

Speed Rating:J-J

Features	Benefits
Aggressive block pattern and open shoulder design	Provides high traction, with self-cleaning performance
Deep tread pattern design	Provide longer tire service life
Tie-bar design between center blocks	Effectively prevents pattern blocks from tearing
Reinforced casing and bead structure	Improves durability of casing and bead, and increasing tire damage resistance in heavy load operating conditions
Specially formulated tread compound	Provides strong cut and chip resistance on tough off road conditions
Thickened base rubber	Protects groove bottom from tearing and puncturing

Giti - GAO822 offers 0 different tyre sizes
